

# Key Instant Recall Facts

## Year 2 – Term 4

### I know doubles and halves of numbers to 20

By the due date for this homework, children should know the following facts. The aim is for them to recall these facts instantly. Children will have 10 questions to answer to assess their understanding.

Double 0 = 0

Double 1 = 2

Double 2 = 4

Double 3 = 6

Double 4 = 8

Double 5 = 10

Double 6 = 12

Double 7 = 14

Double 8 = 16

Double 9 = 18

Double 10 = 20

Half of 2 = 1

Half of 4 = 2

Half of 6 = 3

Half of 8 = 4

Half of 10 = 5

Half of 12 = 6

Half of 14 = 7

Half of 16 = 8

Half of 18 = 9

Half of 20 = 10

Double 11 = 22

Double 12 = 24

Double 13 = 26

Double 14 = 28

Double 15 = 30

Double 16 = 32

Double 17 = 34

Double 18 = 36

Double 19 = 38

Double 20 = 40

They should be able to answer these questions such as ‘What is double 16?’ or ‘What is half of 14?’

### Top Tips

The secret to success is practising little and often. Use time wisely. Can you practise these key facts while walking to school or during a car journey? You don’t need to practise them all at once: perhaps you could have a fact a day. If you would like more ideas, please speak to your child’s teacher.

Use what you already know – encourage your child to find the connection between the 2x table and double facts.

Ping pong – in this game, the parent says ‘Ping’, and the child replies ‘Pong’. Then the parent says a number and the child doubles it. For a harder version, the adult can say ‘Pong’, the child says ‘Ping’, and then halves the number the adult gives.

Practise online – go to [www.conkermaths.com](http://www.conkermaths.com) and see how many questions you can answer in just 90 seconds.
