

Year 6 Learning Tasks!

Please complete your homework and hand it in by the
11th October.

Topic

Now that you have looked at the different Biomes, I would like you to select one for your civilisation. Research what natural (lakes, mountains etc) and human features (buildings, landmarks etc) you could include in your civilisation. Make sure that the ones you select will fit with your biome. After you have researched, design a plan of your civilisation.

Remember...

Learn your spellings for this week, read 5 times and don't forget to practise your times tables!

Science

Charles Darwin was a famous scientist who developed the theory of natural selection. We will be looking at this in more detail during our lessons. I would like you to find out as much as you can about Charles Darwin's theory and his visit to the Galapagos Islands.

DT

For DT this term, you will be designing and making your own treehouse as your shelter in your civilisation. I would like you to look at a range of treehouses and then select ones that you might like to use in your design. Think carefully about what materials they
