

YEAR FOUR SPELLINGS AT HOME for Term 5

Hello,

The pages included below correspond with the weekly spellings we have given out. They are for practicing the spelling words using the 'look, say, cover, write, check' method and have space for writing what the words mean.

There is a **Task** for each spelling pattern to try and an optional **Challenge**.

Be creative and have fun – you may want to create a colourful spelling pattern booklet or posters to help you remember how to use them.

However, you may find that you have some games or other activities that you wish to use to help with the learning of the spellings, including some of the examples on the term's spelling sheet.

It is up to you – it is your time and your space. These are to give you a focus if you need it and a starting point.

Don't forget: spellings take time to learn, so dip in and out of the tasks. Don't try sitting and doing everything all in one day.
