Risk Assessment for full opening- maintained schools

Government guidance states that all pupils, in all year groups, will return to school full-time from the beginning of the autumn term 2020. [Blue annotations indicate changes for reopening March 2021](#). Schools should **not** put in place a rota

This risk assessment is to be used by both mainstream and alternative provision.

In addition to this schools are expected to also plan for the possibility of a local lockdown and how to ensure continuity of education.

The way the guidance will be implemented will be for schools to decide based on the school's individual circumstances. There are some essential public health requirements, these will be indicated by '**MUST**' do.

There is an expectation that schools work closely with parents, staff and unions when agreeing the best approaches for their circumstances.

Schools **must** comply with health and safety law, which requires them to assess risks and put in place proportionate control measures.

Schools should thoroughly review existing health and safety risk assessments.

Minimise contact between individuals and maintain social distancing where possible	Avoid contact between groups	<p>All classes to act as a bubble, maintaining a social distance to other bubbles. Use outdoor doors to classroom to move around site. The reception year group will act as one bubble due to mixing during induction process and also as they will be sharing a playground space.</p> <p>From Jan 2021 Reception classes to become a bubble each.</p> <p>Low</p>	Ongoing/all staff
	Avoid large groups, for example assemblies	<p>All assemblies will be cancelled until guidance changes. Year groups may get together virtually over “Teams” for whole year group/phase assemblies.</p>

<p>For younger children the emphasis will be on separating groups and older children it will be on distancing. For children old enough they should also be supported to maintain distance and not touch staff where possible. It is recognised that younger children will not be able to maintain social distancing and it is acceptable for them not to distance within their group</p> <p>It will not be possible when working with many pupils who have complex needs or who need close contact,</p>		Low	
	<p>When timetabling groups should be kept apart, movement around the school site should be kept to a minimum, avoid creating busy corridors and exits</p>	<p>Classes to remain in their own classroom for all lessons. Hall timetable to be put in place for PE lessons in wet weather.</p> <p>Low</p>	
	<p>Staggered starts and finish times – without reducing the amount of overall teaching time. In addition drop off and collection by parents (consider impact on transport)</p>	<p>Start times to be staggered. Year 1, 3 and 5 to arrive between 8.45am and 9.00am. Year 2, 4 and 6 to arrive between 9.00am and 9.15am. To minimise the number of people hanging around on site, parents with children in two slots to choose one and deliver both children at the same time. All classes to be ready to receive children at 8.45am. Reception children are on a separate timetable currently due to induction. Reception now added to second slot as this is less busy (16.10.20)</p> <p>low</p> <p>Pick up for year 1, 3 and 5 to take place between 2.45pm and 3.00pm. Child attending more than one setting. Alternative Provision schools should consider pacing pupils in smaller sized groups. Smaller AP's may wish to adopt whole school bubbles as part of their control system in order to best meet the needs of their students	Description of process, numbers of children and AP involved, risk assessments stored appropriately etc. Schools should work through the system of controls collaboratively enabling them to address any risks identified and allowing them to jointly deliver a broad and balanced curriculum Currently we have no children accessing an AP setting. Should AP be required for any child, Senco to work with setting to write an individual risk assessment. Low	As required - Senco
Shared equipment Pupils and teachers can take books and other shared resources home, although unnecessary sharing should be avoided, especially where this does	Shared books and games within the bubble, regular cleaning Sharing equipment or books to be kept to a minimum. Children in Year 2 and above to have individual pencil cases to reduce sharing. Classroom staff to be responsible for wiping down any shared equipment where needed.	Ongoing/Class teachers

<p>Physical activity in schools Schools have the flexibility to decide how physical education, sport and physical activity will be provided whilst following the measures in their system of controls. Schools should refer to the following guidance: https://www.gov.uk/government/publications/coronavirus-covid-19-guidance-on-phased-return-of-sport-and-recreation https://www.sportengland.org/how-we-can-help/coronavirus https://www.afpe.org.uk/physical-education/wp-content/uploads/COVID-19-Interpreting-the-Government-Guidance-in-a-PESSPA-Context-FINAL.pdf https://www.youthsporttrust.org/coronavirus-support-schools</p>	Pupils should be kept in consistent groups, sports equipment thoroughly cleaned between each use by different individual groups, and contact sports avoided.	PE to be carried out in class bubbles. Any equipment used to be cleaned between bubbles using it or quarantined for 72hrs. Contact sports will not be played. Children will be asked to bring in a PE kit and leave it in school. It should travel home for washing only when directed by the teacher (this will vary according the age of the children, the type of activity done and the frequency of PE sessions). Low	Ongoing/all teachers/DB
	Outdoor sports should be prioritised where possible, and large indoor spaces used where it is not, maximising distancing between pupils and paying scrupulous attention to cleaning and hygiene.	PE will be outdoors whenever the weather permits. The hall will be used when it is too wet to go out. This should be used for one class at a time and contact points wiped down before the next class enters. Low	Ongoing/all teachers/DB
	External facilities can also be used in line with government guidance for the use of, and travel to and from, those facilities.	n/a

<p>Music Schools should note that there may be an additional risk of infection in environments where you or others are singing, chanting, playing wind or brass instruments or shouting. This applies even if individuals are at a distance. Singing, wind and brass playing should not take place in larger groups such as school choirs and ensembles, or school assemblies.</p>	<p>Schools should consider how to reduce the risk, particularly when pupils are playing instruments or singing in small groups such as in music lessons by, for example, physical distancing and playing outside wherever possible, limiting group sizes to no more than 15, positioning pupils back-to-back or side-to-side, avoiding sharing of instruments, and ensuring good ventilation.</p>	<p>No school assemblies to take place. Any classes joining together to use Teams online.</p> <p>We have negotiated with the music service to change from clarinets to ukulele to reduce the amount particles in the air.</p> <p>Music teacher to maintain social distance when in school.</p> <p>Teachers to use adapted Charanga units to avoid group singing.</p> <p>Piano teaching to continue online due to challenge of social distancing.</p> <p>Guitar and violin lessons to take place in school. Move lessons to the library to allow for greater social distancing and ventilation. Jan 2021 – no onsite music tuition Term 4 – no onsite music tuition</p>	<p>Ongoing/ CB/ Year 4 teachers</p>

<p>Pupil wellbeing and support Pupils may be experiencing a variety of emotions in response to the coronavirus (COVID-19) outbreak, such as anxiety, stress or low mood. This may particularly be the case for vulnerable children, including those with a social worker and young carers. It is important to contextualise these feelings as normal responses to an abnormal situation. Some may need support to re-adjust to school; others may have enjoyed being at home and be reluctant to return; a few may be showing signs of more severe anxiety or depression. Others will not be experiencing any challenges and will be keen and ready to return to school. https://www.gov.uk/guidance/teaching-about-mental-wellbeing</p>	<p>Schools should consider the provision of pastoral and extra-curricular activities to all pupils designed to: Support the rebuilding of friendships and social engagement Address and equip pupils to respond to issues linked to coronavirus (COVID-19) Support pupils with approaches to improving their physical and mental wellbeing</p>	<p>Teachers to address issues raised as part of PSHE curriculum. low</p>	<p>Ongoing/ class teachers/HL</p>
	<p>Schools should also provide more focused pastoral support where issues are identified that individual pupils may need help with, drawing on external support where necessary and possible</p>	<p>Where issues are identified, deliver a graduated response ranging from in class support from TA to ELSA, Tamhs and Trailblazer. Liaise with Senco to facilitate these interventions. Low</p>	<p>Ongoing/Senco</p>
	<p>Schools should also consider support needs of particular groups they are already aware need additional help (for example, children in need), and any groups they identify as newly vulnerable on their return to school.</p>	<p>Teachers to keep this under review and offer support as needed. <p>Behaviour expectations Schools should set out clearly at the earliest opportunity the consequences for poor behaviour and deliberately breaking the rules and how they will enforce those rules including any sanctions. This is particularly the case when considering restrictions on movement within school and new hygiene rules. Schools will need to work with staff, pupils and parents to ensure that behaviour expectations are clearly understood, and consistently supported, taking account of individual needs</p>	Schools should consider updating their behaviour policies with any new rules/policies setting clear, reasonable and proportionate expectations of pupil behaviour. Contingency planning for outbreaks
Swindon Covid 19 outbreak management plan - <https://www.swindon.gov.uk/lomp>

If a local area sees a spike in infection rates that is resulting in localised community spread, appropriate authorities will decide which measures to implement to help contain the spread. The Department for Education will be involved in decisions at a local and national level affecting a geographical area, and will support appropriate authorities and individual settings to follow the health advice.

In developing these contingency plans, Government expect schools to:

- Use a curriculum sequence that allows access to high-quality online and offline resources and teaching videos, and that is linked to the school’s curriculum expectations
- Give access to high quality remote education resources

Select the online tools that will be consistently used across the school in order to allow interaction, assessment and feedback, and make sure staff are trained in their use

Provide printed resources, such as textbooks and workbooks, for pupils who do not have suitable online access

Recognise that younger pupils and some pupils with SEND may not be able to access remote education without adult support, and so schools should work with families to deliver a broad and ambitious curriculum.

SBC Review comments:
<p>Bernice Weiss: a very thorough and clear risk assessment. One comment for consideration: Where you state <i>'Staff have co-ordinated distribution of second hand uniform for those families that want it.'</i> I suggest you add in comments regarding advising parents to thoroughly clean the garments before the child wears them – addressed: SS</p> <p>Should further comments be provided by H&S and HR after their reviews these will be forwarded separately. Many thanks</p> <p>H&S comment below No H&S comment here. Satisfied that the school has made an attempt to address most, if not all the identified guidance factors for the Covid controls.</p> <p>School Review: 04.09.20 S. Smith, 15.10.20 S. Smith</p>
