

## Reading

Well done to everybody who has practised their reading at home and congratulations to the children who have won a new prize this term.

Just a reminder that reading should be recorded with the date and a comment/signature from an adult in your child's yellow reading record in order for prizes to be won.

Please ensure your child has their reading book and reading record in school every day.

**Children who are reading "coloured" books are able to change their books independently from the corridor when required.**

**Children reading "Little Wandle" books will have their books changed by an adult.**

## Spellings

Each child has brought their spellings home to practise for their quiz every **Friday**.

If these happen to be misplaced, you can find a copy on the classroom window or alternatively, you can ask your child's teacher for a new copy.

# Year 2 - Term 5 Homework Activities Class 5 & 6

**Date set:**

**Friday 17<sup>th</sup> April 2026**

**Date due:**

**Thursday 21<sup>st</sup> May 2026**

## Mathematics

We will continue to practise our times tables in class. Keep up the hard work by logging on to **Times Table Rockstars** and playing one of the games.

Remember that your log-in details are in your yellow reading record. We are practising our 10x, 2x and 5x tables. Some of you can now practise your 3x table.

Here is the link below:

<https://trockstars.com>

## Purple Mash

As part of our topic work, we will be learning about and comparing famous monarchs.

We are learning about plants in science and there are practical activities as well as online activities that the children can complete linked to this.

All children have their Purple Mash log in details in their reading records. Once logged on, click on 2Do and complete **one or all** of the activities below.

**Knight Comprehension:** Watch the video and then create a fact file about how Rhys became a knight.

**Prince's/Princess' Crown:** Design a crown fit for a prince or princess.

**My Plant Diary:** Plant a seed and look after it. Then, record what happens each week as you watch it grow.

**Growing Plants:** Can you describe how plants grow? Explain some of the different stages of a plant's lifecycle – germination, roots, leaves, flowers, fruit, seed dispersal, dies.

**Guard the castle:** Help the knight guard the castle using your coding skills.
